The Crab House Philosophy

Our menu changes daily and often twice a day due to the different fresh fish being landed. All our fish is as fresh as can be, being landed either in Weymouth, Brixham or Poole. Our famous crabs are caught in the English waters of the Channel. We pride ourselves in using local produce as much as we possibly can. If something is not available on the menu it is often due to bad weather conditions at sea - so please be understanding.

For parties eight and over an optional 10% service charge will be added to the bill and when booking a £10.00 deposit per head will be required.
